Regulatory Requirement	Question	Status
Antidrug and Alcohol Misuse Prevention Program Effective April 10, 2006. Each employee who performs a safety-sensitive function, directly or by contract, including by sub-contract at any tier, must be in compliance with the amended Antidrug and Alcohol Misuse Prevention Program requirements described in 14 CFR part 121, appendix I, section III, and appendix J, section II.	Will your facility be fully compliant to the amended regulation, including flow-down to any tier necessary, by the required date? Yes: No:	Planned compliance date: If unable to comply by the effective date, please provide your plan to become compliant or other actions you plan to undertake regarding this regulation.
Repair Station Training Program Effective April 6, 2006. FAA certificated repair stations must submit a training program to the FAA for approval by the last day of the month in which their repair station certificate was issued (ref. 14CFR145.163 and AC145-10).	Will your facility be fully compliant to the requirement by the required date? Yes: No:	Planned compliance date:
Hazardous Materials Training Requirements Effective February 7, 2007. Amendments to 14 CFR Parts 119, 121, 135, and 145 require documentation showing that persons handling hazmat for transportation have been trained, as required by the Department of Transportation's Hazardous Materials Regulations (ref. 49 CFR 171 through 180).	Has your facility certified in writing that all "hazmat employees" (see 49 CFR 171.8) for the repair station, its contractors, or subcontractors are trained as required in 49 CFR part 172 subpart H? Yes: No:	Planned compliance date: If not currently compliant, what is your planned date for compliance:
